32 It does not appear necessary to refer to the Municipal Engineer. The electricians (1 electrician and 2 assistants) and fitter are not employees of the Municipal Commission. They are employed directly by Government (sanction is accorded each year) and their pay is charged to the various estimates relating to the maintenance and working expenses of electric -- installations and filtered water connections in Civil buildings in the station. The monthly bill shows the following allocation.

The post of ^{an} electric ^{al} mechanic for the Bowring & Lady Curzon Hospitals on Rs. 60-3-75 was sanctioned with effect from the 1st April 1916. His pay was revised to Rs. 50-5-100 with effect from 1st March 1923.

From 1-1-26 he was given a special pay of Rs. 15/- for supervision of electric light installation in the Gosha Hospital in addition to his own work.

In July 1927 the Residency Surgeon recommended that, as the Munl. Executive Engineer wanted the arrangement regarding electric lights at the Gosha Hospital ~~should~~ be entirely under his charge, the special pay of Rs. 15/- drawn by electrician John of the Bowring & Lady Curzon Hospitals might be transferred to the account of the Munl. Executive Engineer. The Resident approved this proposal.

37 In his letter No. C.W.¹²⁰, dated 5-9-27, the Munl. Executive Engineer recommended that the pay of electrician Luckiah might be fixed at Rs. 40/- in view of his additional work on account of supervising the electric installations in the Gosha Hospital besides those in the Bowring & Lady Curzon Hospitals. This ^{was} ~~has been~~ sanctioned accordingly.. From this it will be seen that the electrician

38 It will appear from the Residency letter No.6174 dated
30-8-15 to the late Foreign and Political Department asking
for sanction to the creation of a whole time post of Electric
mechanic (Electrician) in the Bowring and Lady Curzon Hos-
pitals that it was intended that he should be in charge of
all the electric fittings and apparatus in the hospitals and
not merely of X-Ray installation, that he should attend to
all minor defects etc. and that the Military Works Depart-
ment (now the Municipal Civil Works Department) should be
approached only in case of breakdown of a complicated nature.
In the light of this it is not clear how the Executive
Engineer charges Rs.43/- per mensem (nearly $\frac{1}{3}$) of the pay
of Electricians employed by him to maintenance of Electric
installation in those Hospitals. Possibly with the expan-
sion of X-Ray work the Electrician in the hospital is now

in

in charge of X-Ray installations only but this should be got confirmed from the Residency Surgeon. He may be asked whether the Hospital Electrician is not in charge of all the electric installations and apparatus in the hospitals ~~and~~ including lighting etc. or whether his duties are confined to X-Ray installations only, attention being drawn to his letter No.788 dated 6-8-15.

The Secretary to the
Hon'ble the Resident In Mysore,

To. The Treasury Officer,
Bangalore.

Sir,

I have the honour to forward herewith five revised estimates, as noted below, for favour of sanction and return.

The excesses are due to larger quantities of materials issued during the year (1938-39) than were originally provided for in the estimates.

The expenditure in each case was incurred during 1938-39 and will not affect the current year's budget grant.

I have the honour to be,

Sir,

Your most obedient servant,

J. W. Edwin
Treasury Officer
Bangalore

SIR,

Subject:- Supply of uniform to the electrician and fitters
employed in civil works in the Civil and Military
Station, Bangalore during 1939-40.

S.N. 19 (B) With reference to the correspondence ending with
your reply No.D.Dis.F.227-39, ³and ^{and} G.A. dated 21st September
1939 on the above subject, I have the honour to state that the
electrician and fitters are members of the work charged esta-
blishment and not inferior servants; and that rule 6 of the rules
regulating the supply of liveries to inferior servants in the
Civil and Military Station, Bangalore is not applicable to the
supply of uniforms to the members of the work-charged establish-
ments. I would therefore request that the sanction of
His Excellency the Crown Representative may be obtained for the
supply of the uniform to the electricians and fitters employed
in the Civil and Military Station, Bangalore.

I have the honour to be,

Sir,

Your obedient servant,

If not, the works on which they are engaged may kindly be intimated to the Political Department. If, the men in question are employed by the Municipal Commission for the discharge of agency duties, the supply of uniform to them seems to be a matter for the Commission only. (In this connection it is observed that there is an electrician borne on the regular establishment of the Hospitals paid for from the revenues of the Mysore Assigned Tract.

Sir,

I am directed to enquire whether the electrician in the Bowring & Lady Curzon Hospitals is ~~not~~ in charge of all the electric installations and apparatus in these hospitals including lighting etc. or whether his duties are confined to X-Ray installations only

In this connection reference is invited to your letter No. 788, dated the 6th August 1915, recommending the creation of ^{the post of} a whole time ~~time post~~ ~~of~~ electric mechanic (electrician) in the Bowring & Lady Curzon Hospitals. From this it will be seen that it was intended that he should be in charge of all the

electric fittings and apparatus in the hospitals and not merely of X-Ray installation, that he should attend to all minor defects etc. and that the Mily. Works Department (now the Municipal Civil Works Dept.) should be approached only in case of breakdown of a complicated nature.

Subject:— Electrician of the Bowring & L.C. Hospitals

SIR,

With reference to your letter No. D.F.227-39/G & A dated the 28th March 1940, I have the honour to state that the Electrician in these Hospitals is looking after the installations and apparatus including lighting etc., with the assistance of a Municipal Electrician. This was contemplated in the penultimate para of Col. Standage's letter dated 6th August 1915 referred to by you. On the transfer of control from Assistant Commanding Royal Engineer to the Municipality in about 1925-26 the Municipal Electrician has apparently taken the place of Assistant Commanding Royal Engineer's Electrician referred to in letter of August 1915. He is supervising the installations in the Gosha Hospital also - vide letter No. 9542 dated the 17th September 1927 from the Secretary to the Resident and the Executive Engineer's letter referred to therein and also those in Government Isolation Hospital since its opening in 1931.

From 1929 a special pay of Rs.15/- was granted to the Electrician of these Hospitals for the additional work he has been performing in the X-Ray Department i.e., for
operating.

operating the Diathermy, Ionization, Ultraviolet ray apparatus etc. Since then the work in the Electro-therapy Department has considerably increased. This Electrician also looks after the electric breakdowns etc., during day time in his spare hours and in the absence of the Municipal Electrician who is not available at all hours of the day as it is understood that he is in additional charge of the Electric installation in the Residency and other places. During nights however the Hospital Electrician is required to attend to any breakdowns.

In the circumstances it is apparent that the Electrician of these hospitals is in charge of all the Electric installations and apparatus including lighting etc., in the Bowring and Lady Curzon Hospitals besides his whole-time duties in the Electro-therapy Department.

I have the honour to be,

Sir,

Your most obedient servant,
